Part II: Purpose and Mechanics
SB 138 SCS amends KRS 61.315 by stating the bill does not affect, and is separate from, workers' compensation. Any line of duty death benefit does not imply a presumption of a workers' compensation claim or benefit. However, the bill does not foreclose any opportunity to file for workers' compensation or other related claims.
Part III: Fiscal Explanation, Bill Provisions, and Estimated Cost
SB 138 SCS will have minimal impact on local fire departments.
Because SB 138 SCS more clearly defines how line of duty death benefits are applied and does not include any fiscal obligation for local governments, SCS is expected to have minimal impact on local governments, for the benefits are still distributed from the general fund.
